

ITEM DESIGNATION AT MS-SCHRAMBERG

MAGNET SHAPES:

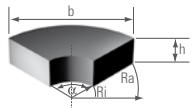

Disc magnet

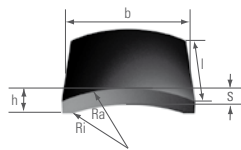

Ring magnet

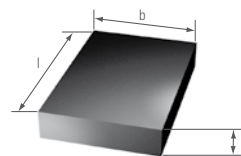

Ring cut-out magnet

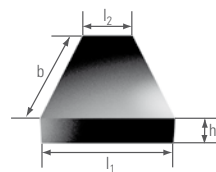

Segment magnet

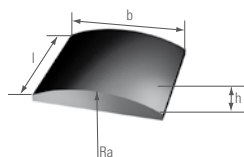

Rectangular magnet

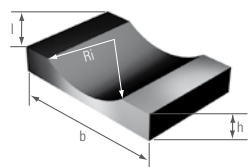

Trapezoidal magnet

Rectangular magnet with outside radius

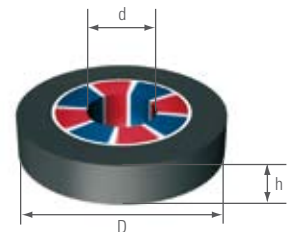

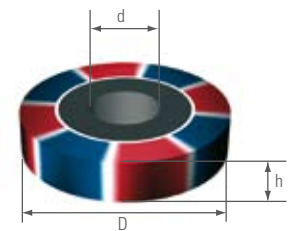

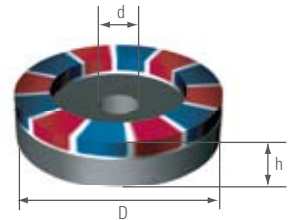

Rectangular magnet with inside radius

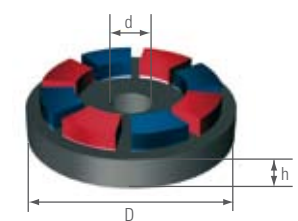

MAGNET ASSEMBLIES:

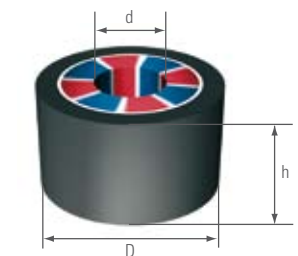

Sensor exciter ring assembly
(for sensor applications
such as motor
commutation)

Disc magnet system
(Rotor or stator for
disc armature motors/
generators or
disc couplings)

Ring magnet system,
magnets inside
(rotor or stator for motors
and radial (coaxial) couplings)

ring magnet system,
magnets outside
(rotor or stator for motors
and radial (coaxial) couplings)
